New
Sculpture

This is a new LLP Paratrooper sculpture for 2013 and it brings our work fully up to date. The timing is important as it commemorates 16 Air Assault Brigade's return to its primary parachute role.

We can add brigade unit insignia on all the LLP Paratroopers and on the painted paratroopers we can paint in DZ flashes etc.

Parachute Regiment Coins

We have designed and had made a collection of standard Parachute Regiment Coins. Using a bronze 50mm coin as the base we've used gold plate and enamel to design a matching Parachute Regiment battalion coin.

1 PARA - 4 PARA

Each coin is individually packed into a clear plastic viewing case. This is the standard back of the Parachute Regiment coin with Pegasus and Bellerophon and the Battle Honours

They are now available off the shelf and we offer 45 for the price of 50, (each coin in individually sold in a clear case and they are bulk packed in cartons of 50)
