- E2 Polished Pewter
- E2a Buffed Pewter

**Price Code FF**

## RAF Chinook Helicopter with 14" Fuselage.

Our Royal Air Force Chinook Helicopter fuselage measures 14" long 6.5" high and 6" wide. The overall size however, rotor blades included is 24.5" long and 13" wide. It is pictured here in our 'Victoria Cross' coloured cold cast bronze. We've mounted the crest of the Royal Air Force on the base of this design and there is plenty of space for an engraved plate to commemorate service with the RAF helicopter fleet. When we ship the design the two rotor blade assembly's as separate parts in the box.

**MA01 - Bronze Finish - FI**

**MA01b - Electro Silver - FV**

Through our 'Crystal Collection' and 'Special Bottle Service' brands we offer a wide range of hand engraved crystal, spirits, champagne and port. Every bottle is hand designed and engraved to your exact specification which is included in the price. We also don't impose word limits, for us available space is the only limit! We also hold on file the cap badges for most military units as well as a wide selection of other images, if we don't have what you need our in-house design team can create something.
